	Pre-Certification Experience Record		
	Form No. F-180	Revision 02	Issue Date 04-08-2026

Purpose: Relevant industrial NDT experience shall be obtained in the applicable NDT method and field of application to develop the practical skills and technical knowledge required for certification. All such experience shall be properly documented and verified before certification is granted.

The candidate is responsible for ensuring that all information and records submitted as evidence of pre-certification experience are complete, accurate, and authentic. Any false declaration, misrepresentation, or submission of inaccurate information relating to the required experience may result in the rejection of the application.

1. TERMS USED

AEC	Approved Examination Centre
AQB	Authorized Qualifying Body (authorized by the PCB to administer qualification examinations)
GRQC	General Requirements for Qualification and Certification
NPC	Non Destructive Personnel Certification
Q&C	Qualification and Certification

2. EXPERIENCE REQUIREMENT REFERENCE

Minimum recorded practical experience for eligibility in the applicable NDT method:

NDT method	Level 1 (months)	Level 2 (months)	Level 3 (months)
RT, UT, ET, TOFD	3	9	36
PT, MT, PAUT	1	3	24
RI	N/A	6	N/A

- For Level 2 certification, experience normally consists of time as Level 1. For direct Level 2 qualification without Level 1 time, the experience consists of the sum of the Level 1 and Level 2 periods.
- For Level 3 certification, work experience is intended to consist of time as Level 2. Direct qualification from Level 1 to Level 3 requires the sum of the Level 2 and Level 3 periods, with no reduction in the experience period.
- Level 3 candidates with an applicable degree/diploma, or at least two years of engineering or science study at an accredited college or university, may be eligible for a 50% reduction, subject to proof of qualification.
- Where experience is gained simultaneously in multiple NDT methods, total experience may be reduced by 25% for two methods, 33% for three methods, and 50% for four methods.
